Plant Fiber Catering Pans

Our **Plant fiber** catering pans are made from wheat straw fibre. Wheat straw is not only an annually renewable resource, but can also be turned into products normally made from plastic or paper. Wheat straw is the remaining plant material after the wheat grain and chaff have been extracted.

Our catering pans can be used for both hot (220 Fahrenheit) and cold items.
Microwave and freezer safe.

Lined with Nature Works **Ingeo™** for enhanced leak resistance.

Conform to FDA guidelines for food use.

Gluten-free. Wheat straw is the remaining plant fibre after the grain (which stores the proteins and allergens) has been removed.
